Eric...

Thanks so much for taking the time to send this wonderful message. Stefan is an extraordinary real estate agent, as you experienced. It is definitely my pleasure to work along side of him! I'm so happy he could help you and your family! I'm sure he looks forward to assisting with the property in Santa Clara...

to many potential buyers with beautiful valley views and a close-in private
location, the structure itself was small and quite dated. Also, there were
ongoing challenges working with one of the principals of my mother's trust, who
unfortunately caused a lot of unnecessary turmoil.

alleviated many of our concerns by actively managing the sale to a quality level
that I have never experienced with any other agent or broker. His knowledge,
insightfulness, communication skills, and sound advice all contributed to a
highly satisfactory outcome. He is to be commended for his efforts.
