ENDORSEMENT LETTER

To whom it may concern,

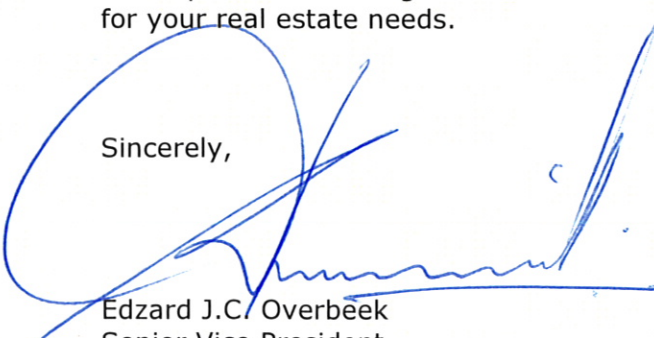

I would like to endorse Stefan Walker as the professional realtor that supported us in our search for a new house when we came over from Asia.

His experience in dealing with local and county legislation, his knowledge of the real-estate market within the Bay Area and professional representation of our needs during this process where invaluable, and led us to close the sale of our house in time for our move over to the United States.

We were first time buyers of real estate in the United States and the process of buying a home locally was new. Stefan took all the time to explain everything in detail and clearly demonstrated to us how much domain experience he has. His advice on whether a house was 'right' for us - with all the plusses and minuses - have helped us substantially to make the right choice in the end.

It is a pleasure working with Stefan and we would highly recommend him as a realtor for your real estate needs.

Sincerely,

Edzard J.C. Overbeek
