To Whom It May Concern,

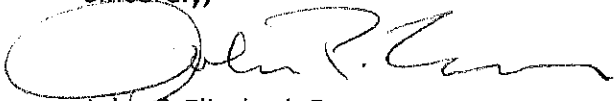

We have known Stefan Walker for twenty five years. He has successfully marketed real estate properties in the local Bay Area on our behalf in good times and in the current less favorable market.

Stefan is a consummate professional in his chosen career. He has a team of experts involved in all phases of real estate expertise that I feel assist him when required to "guarantee" a positive rewarding outcome for both Seller & Buyer.

Stefan's negotiation skills, knowledge and expertise in all facets of what, sometimes, can be convoluted and emotional transactions, serve him and his clients well.

We have, and we will continue to recommend Stefan Walker to all who desire a professional Real Estate Broker to fulfill any and all areas regarding their real estate issues.

Sincerely,

John & Elizabeth Evans
