RE: Stefan Walker

Dear Sirs,

I'd like to take this opportunity to compliment real estate agent Stefan Walker. Stefan has been the best agent I have ever used in my life. He is not only a real estate agent but a resource. He even referred me to a wonderful insurance agent, a decorator, contractor and painter. He has followed up on everything we discussed. He has helped us through every phase of the purchase of our condo. To be truthful, we couldn't have done it without him.

Simply put, my wife and I are in love with him. We expect to stay in contact both professionally, as a resource and also as a friend for the rest of our lives. He is what we call a find and we don't intend to lose him.

Sincerely,

Roger & Gail Sachs
